

uPunch CR1000

# Digital Time Clock & Date Stamp

UPUNCH™

## Punch with Purpose

The multi-use uPunch CR1000 Digital Time Clock & Date Stamp can be used as an employee time clock and as a digital date stamp. This versatile system is user-friendly, making it easy to load time cards or documents through the device's strategically placed window.

### Accurate Employee Time Clock

- Eliminate manual errors in employee time tracking with the Digital Time Clock
- Easily track employee arrival, break, lunch and departure times

### Dependable Date Stamp

- Simplify organization by providing proof of when documents were received and processed with the Digital Date Stamp
- Choose from 13 preset message options and select manual or automatic printing

### Multi-Use Office Machine

- Vibrant digital LCD displays date, hour, minute and day of week
- Adjustable print positions for time clock and date stamp use
- Durable snap-in ribbon cartridge
- Precise internal calendar
- English, French, Spanish or Portuguese language print options
